Fax # \_\_\_\_\_

Address: \_\_\_\_\_ Zip Code: \_\_\_\_\_

Contractor: \_\_\_\_\_ Phone #: \_\_\_\_\_

Referral by Architect/Engineer: \_\_\_\_\_

We are pleased to supply you with this (approximate) quote of \$ \_\_\_\_\_ for the above stated project plans. Included are six (6) sets of blueprints, additional sets may be purchased for \$50 per set. **Charges for Engineering services will be billed separately.**

*Payment terms are 1/2 down, balance upon completion. Plan and Engineer's fee must be paid in full before you receive your completed drawings.*

*Our purpose as a Lumber Yard is not only to provide the service of quotes, custom plans, and blueprints but also, to sell the building materials for your project to bring your vision to reality. For that reason, we provide you free of charge an (approximate) estimate of your materials for your project. GNH's customers know that our reputation is built on quality and service at a fair price and we thank you for the trust that you have in us.*

*We can understand your concerns and possible need to get a competitive bid from another supplier. If you find it necessary to shop around, please return to us with your final quotes so we can help you review them. We have found over the years, sometimes other suppliers have left materials out of quotes, use lower quality materials, or lower the quantity of materials used in the original quote. Our goal is to help you bring your project to completion with the highest of standards and the realization of your dream.*

Approximate completion date of preliminaries: \_\_\_\_\_

Approximate completion date of final drawings: \_\_\_\_\_

**\*\*Subject to Engineer's schedule\*\***

GNH Lumber Inc. is on the cutting edge of technology and is licensed to use the latest software run by professionals; programs include, but are not limited to AutoCAD Architecture, TJ Expert and TJ Beam. Designs are based on generally accepted standards in the industry. GNH Lumber Inc. assumes no responsibility in the structural design of the building. It is the owner's responsibility to secure certification by a New York State licensed Engineer. GNH Lumber Inc., Designer(s) or Engineer cannot be held responsible for any changes or alterations made to the plans without prior approval from GNH Lumber Inc. Designer(s) or Engineer. Before use of plans for construction, approval must be obtained from the Building Department of the town in which construction is to take place.
